PROFILE

Bilingual Level 2 IT Support Analyst with 5 years of experience in advanced technical support, complex incident management, and service optimization under the ITIL framework. Specialist in identity administration and access management in ERP/SAP environments. Experience in diagnosing corporate networks (CCNA) and automating operational workflows (N8N) to ensure strict compliance with service level agreements and SOP standards.

PROFESSIONAL EXPERIENCE

Technical Support | Freelancer

Barranquilla, 2017–2020

Specialist in advanced hardware diagnostics, preventive/corrective maintenance, and operating system administration (Windows/Linux). Troubleshooting and resolution of critical software incidents, file system management, and access recovery at the operating system level.

L2 IT Support Analyst | United Ventures COL.

Barranquilla, July 2023 – June 2026

Design, deployment, and optimization of technology infrastructure and corporate networks. Automation of workflows and operational tasks using advanced scripting in Bash (.sh), PowerShell, and Batch (.bat), reducing execution times.

Management and organization of network racks, IP addressing, and structured cabling in accordance with high-availability standards. Level 2 technical support lead for internal platforms, ensuring strict compliance with service level agreements (SLAs). Active participation for 10 months in QA (Quality Assurance) processes to ensure the quality of internal software.
